

Adams Rite 900 series concealed hardware

960 Series

Concealed Vertical Rod Exit Device

Application:

The Adams Rite 960 Series is a life safety device that uses concealed vertical rods (CVR) for commercial aluminium door applications. It is designed to provide life and safety security by use of a rotating top bolt and post type header strike

Specification:

<ul style="list-style-type: none"> • Suitable for use on aluminium doors • Non-handed. The standard device will fit most 44.45mm stiles with a minimum of 32mm inside depth to clear the mechanism • Will accommodate any bar height (from threshold bolt to centreline of bar) from 900mm to 1100mm and any door height up to 1676mm above the bar (a tall door kit is also available for door heights up to 2337mm above the centreline of the bar) 	<ul style="list-style-type: none"> • Options Include: Monitoring, Cylinder Dogging and Tall Door Kits. If required the 960 series will accept any standard mortice cylinder (with MS® cam) from the outside by using the 8650 escutcheon, as well as the full range of Adams Rite Entry Trim • Dogging as standard on all versions except 600mm
--	---

Finish:

4056 Round Cylinder ~ 8650 Escutcheon ~ 3080 and 3080E Series Entry Trims

Standards:

Projection:	76.5mm from face of door.
Push Bar Face Width:	62mm
Back Bar Width:	70mm.
Door Opening Widths:	Five standard sizes - 600mm, 750mm, 900mm, 1050mm, 1200mm.
