DC700G-FT

Security closer

ASSA ABLOY
Opening Solutions

Application:

ASSA ABLOY Security Door Closer combines two world class products, DC700 closer and eff eff 332 electric lock and strike, into the world's first security closer. The DC700G-FT is the first slide arm closer with an integrated escape door locking system.

Specification:

- ASSA ABLOY Security Door Closer with Cam-Motion® technology, extended mounting plate and integrated latch bolt, extended guide rail with integrated escape door strike
- Suitable for retrofit to fire doors with guide rail door closers and fastening using drilling template according to DIN EN 1154, Supplementary Sheet 1:2003-11
- Suitable for fire and smoke protection doors
- Escape door strike 332®, tested in compliance with the guideline for electrical locking systems for doors along escape routes
- For single leaf doors, doors between 850 - 1200 mm wide
- Cam-Motion® technology within the DC700 closer gives BS8300 compliant low opening forces to give barrier free entry

Standards:

- Certified in compliance with EN 1154, size 3-6
- Certified in compliance with 2812-CPR-AD5238
- CE Marked
- Suitable for fire and smoke protection doors
