

Product description

Holding magnet suitable for securing doors.

Scope of delivery

- 1 unit magnet with counterplate

Note

- Holding forces of holding magnets may vary due to material-related fluctuations

Technical data

Input operating voltage	12/24 VDC
Current consumption at 12 VDC	505 mA
Current consumption at 24 VDC	260 mA
Length	250 mm
Width	42.2 mm
Depth	25 mm
Counterplate length	185 mm
Counterplate width	38 mm
Counter plate depth	12.5 mm
Mounting method	Surface mounting
Material	Aluminium housing surface
Operating temperature range	-10 °C to +55 °C
Hall-sensor	No
Holding force	600 lbs

Article number	MAG-600SM-----
EAN	4042203789401
