SC-CE3F

Cam action concealed door closer

**A quick fit,
discreet door
closer that
maintains the
style of your door**

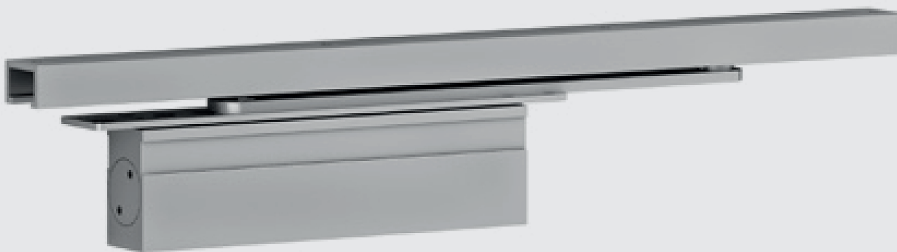

SC-CE3F Cam action concealed door closer

Maintain the style of your door, fit UNION's SC-CE3F high efficiency concealed closer, offering all the functionality of a power size 3 closer, with the discretion of being hidden from view.

The exceptionally small profile of this door closer means it is quicker to install.

The cam action mechanism helps to meet the requirements of BS8300. Combining this with the CE mark and fire testing for timber doors, the SC-CE3F is ideal for commercial applications.

Range benefits

- **Small profile** for quick fitting
- **Tested to BS EN 1154**
- **BS EN 1634 Part 1** : 2000 assessed for use on 30/60 minute timber fire doors†
- **Fixed power size 3**
- Helps to meet the requirements of **BS8300**
- **Hold open option** also available (not suitable for fire doors)
- **Built-in pressure relief valve** protects against abuse
- **Stable hydraulic fluid** offers low sensitivity to temperature fluctuation
- **Needle bearings** giving optimal performance and efficiency
- **Ideal** for superior aesthetics or reduced vandalism
- **Guide rail dampener** available
- **Adjustable** closing and latching speed
- **10 year guarantee**

NOTE: Must be fitted with appropriate intumescent for fire door applications.

Ideal applications

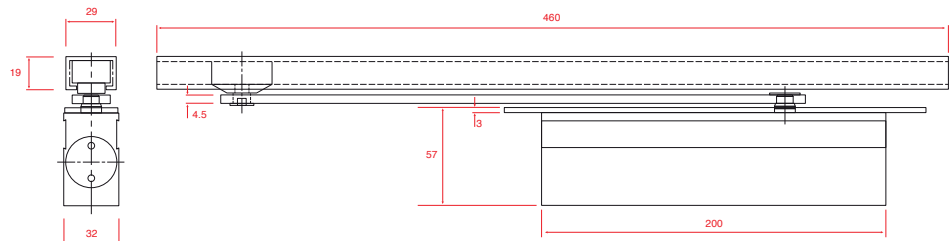

University residential blocks, high end residential buildings, commercial buildings requiring high level aesthetics with a hidden closer or in areas where vandalism may be a concern.
